Republican Women
"Shout Out"
Newsletter
October 2022**

**A Message from
GMRW President
TeriAnn Neigel**

It's October and Fall is in the air! We celebrate the cooler temperatures and the approaching holiday season. October

is a very important month for Granite Mountain Republican Women. The 2023 membership drive begins on October 1. We will hosting an ice cream social for all our old members, new members, and prospective members and friends on October 2 at Granite Creek Park at 2 p.m.. The event is free and we encourage you to come and meet the GMRW board, have an ice cream sundae and listen to some fun 50's "Malt Shoppe" music. Everyone is welcome, but we do ask that you RSVP with the link provided in the newsletter or your email. Members may renew their memberships and bring new friends to join at this event.

October is also breast cancer awareness month. While we often think of this as a women's issue, men are also affected. Unfortunately, being female and aging increases our risks of developing breast cancer. I encourage all of our members to make sure you screen and encourage others to do so as well.

The Fall state meeting of the AzFRW was held in Chandler September 15-17. We were warmly welcomed by the mayor of Chandler, Kevin Hartke, at Thursday's reception, sponsored by Blake Masters and attended by AG candidate Abraham Hamadah. Friday included a presentation on the initiatives and propositions on our ballots with recommendations for voting. (See AzFRW Region report) Thursday luncheon speaker was George Khalaf, President of Data Orbital and managing partner with The Resolute Group. He presented a message of encouragement for a Red Wave! He believes Kari Lake will be our Governor! We also heard from the AzGOP regarding best practices to help our candidates win in November. **The message was loud and clear—we must do all we can to help our candidates between now and Oct 12, when early ballots are out and early voting begins. We are strongly encouraged to VOTE IN PERSON!**

Important dates:

Oct. 11 - last day to register to vote

Oct. 12 - ballots mailed out

In person voting begins

1015 Fair St., Prescott

10 S 6th St., Cottonwood

7501 E. Skoag Blvd., Prescott Valley

Nov. 1 - last day to mail in your ballot

We were joined by United States Congressman Andy Biggs on Saturday, as the luncheon keynote speaker. As always, it was a pleasure and most informative to have him there and keeping us abreast of the goings on in Washington. Thank you, Congressman Biggs!

The next two State meeting dates and locations have been announced. The Winter meeting will be held in Lake Havasu, AZ February 9-11. The Summer meeting will be held right here in Prescott May 18-20! Mark your calendars now and plan to join us for one or both meetings. All members are encouraged to attend.

We are counting down to November 8. Remember, regardless of whether your candidate is on the ballot or not, we must all rally around the Republican candidates and take back Arizona and the United States. Stay strong!

“Be strong and courageous. Do not be afraid or terrified because of them, for the Lord your God goes with you; he will never leave you nor forsake you.” Deuteronomy 31:6

Americanism

Kristi MacDonald

Has America lost its mind?

Let's face it, no one wants to be called intolerant or closed-minded. But for most of American history standards of acceptable behavior were generally agreed upon. Today we can't even agree on the difference between a man and a woman. As a society do we need to tolerate every crack pot view no matter how harmful, no matter how false? Of course not, but the progressive left seem dead set on unsettling every settled question, all in the name of being open minded, and increasingly I believe a purposeful intent to destroy our constitutional republic.

Every citizen has an obligation to follow the law even if they don't want to.... even if a person "identifies" as a serial killer. In another example if we say 'yes' to tolerating drag queen story hour, then we are refusing to tolerate the wishes of taxpayers and parents who don't want their public property used in drag shows for kids. So, the question that divides us is not whether every public behavior must be tolerated but which public behaviors should be tolerated and which should not?

For most of our history, if a man dressed up in sexual clothing to perform for children, he would be arrested. For centuries America had refused to tolerate obscenity, the incitement of violence and public nudity. Fifty years ago, a teacher might be fired for teaching the Communist Manifesto in school. Today, a teacher could be fired for teaching the Bible in school. Ten years ago, if you called a man

a woman, you would probably get a punch in the face. Today, if you refuse to call a man a woman, you may find yourself banned from social media, expelled from school or out of a job. Today there is a new intolerance for tradition, reasoning and the common good for society.

Until relatively recently we once had community standards and respect for the equal application of justice. Of course, not everything done in the past was good or to be preserved into the future. For centuries, slavery was commonplace but it wasn't good. But tradition is the anchor that helps us discern the good. It shows us the wisdom of the ages. This discernment of the good led us to abolish slavery. Even though some of our founding fathers owned slaves, they knew it was wrong. Their belief in the biblical idea that all men are created equal in the eyes of God helped guide the country toward abolition.

In summary, if we wish to overturn social norms, the burden of proof that these radical changes will make things better, should be on the revolutionaries of the radical left, not on the defenders of tradition.....the conservatives. As defenders of tradition and values, we have over 3,000 years of history including the Bible, the Magna Carta, English common law, the American Constitution and the Gettysburg Address to guide us. The choice is clear....we must stand firm and fight for the traditions and values that made our country the greatest nation on earth!

AzFRW
Region I Director**

The Region I Clubs were well represented at the September AzFRW meeting in Chandler. We had wonderful speakers, workshops and Breakouts. Of special interest was the **Breakout: What's On Your Ballot? Initiatives and Propositions**. Speakers were from The Arizona Free Enterprise Club and The Goldwater Institute along with AZ State Senator, JD Mesnard. Shown below is the handout from the breakout session. Keep in mind, where you see "no position" it just means

that the AZ Free Enterprise Club has no position. These 2 proposed amendments were discussed and positions were suggested. (See notes in red)

First, it's good to refresh our memories on what the numbers of propositions mean:

- Props numbered with "100" # are Constitutional Amendments.
- Props numbered with "200" and "300" # are proposed laws.

200 = Citizen measures

300 = Legislature measures
