Granite Mountain Republican Women ShoutOut Newsletter August 2021

Message from
GMRW President, TeriAnn Neigel

Local election primaries will very soon be over. It has been incumbent upon us all to exercise our right to vote. Voting is the responsibility, obligation, and privilege of all citizens. In a perfect world elections and campaigns would be executed with civility. Civility is more than just 'please' and 'thank you', it is about treating others with dignity and respect. When did it become "comfortable" to tear down another's character? When we attempt to tear down others, we are really only tearing down ourselves. Politics as we know it discourages citizens from becoming involved and serving. Particularly in Federal government, it is time to stop the games, stop resorting to deplorable behavior, stop the insults, accusations, half-truths and fabrications that have become the norm. The most practical kind of politics is the politics of decency.

Thank you to all the candidates who stepped forward and were willing to serve for the betterment of our communities. We applaud your spirit of self-sacrifice and courage.

There is still time to submit your name as a delegate to the AzFRW biannual convention. GMRW is allowed 11 delegates, based on our membership

numbers. The delegates will be voting on AzFRW bylaw changes and the election of the AzFRW officers for the next two years. It is important and would be wonderful if we were able to have a full complement of delegates to attend. The convention is being held in Scottsdale, October 21-23 at the Talking Stick Resort. Delegates must be present on Saturday, the 23rd, to vote. If you are willing and interested, or if you have questions, please contact any of your GMRW officers.

The 2021 nominating committee has been elected and will soon be interviewing candidates for positions with GMRW. Please watch your emails for information regarding submitting your letter of interest. The slate of candidates will be announced in September and voted on at the October meeting.

Many of our members have been taking advantage of travel this summer and have been enjoying the freedom of visiting friends and family. As our summer draws to a close, I wish you all safe journeys, blue skies, and best wishes! Looking forward to seeing you all soon.

5th VP Education, Sharon Zipperman

Educational Opportunity Coming in September:

Our wonderful monsoons this year sometime remind me of conflicted relationships. Blue skies in the morning, followed by stormy lightning and rain in the afternoon. As conservatives, we often tend to use facts to debate and find, to our bewilderment, that something we said was not taken the way it was meant. The GMRW sponsored class "**Non-Defensive Communications: Tools for Communicating in a Meaningful Way with Opposing Views**" is designed to teach us how to make civil conversation possible again.

Watch for it after Labor Day!

Caring for America, Pat Lorenzen

Thank you, members, for your generosity! Your continued support of Northern Arizona Women Veterans Services and CASA for Kids is greatly appreciated.

I hope you enjoyed hearing from representatives of both organizations. They were truly grateful and impressed with Granite Mountain Republican Women. In fact, the Executive Director of CASA for Kids plans to join as an associate member!

Please continue to support our charities. Both are tax deductible charities and if you donate with a personal check, you will receive a donation letter for your taxes.

Thank you,
Pat Lorenzen

Americanism, Vicki Paris Goodman

American Independence

The Declaration of Independence lists 27 reasons why Americans declared their independence form the King of England. The Declaration referred to the Laws of Nature and of Nature's God, stating that "All Men are created equal, that they are endowed by their Creator with certain unalienable rights…" This notion was revolutionary, as kings did not believe everyone was created equal. They believed in "the divine right of kings," that the Creator gives rights to the king, and the king dispenses them at his discretion to whoever he wishes.

The Declaration of Independence concludes with the following words, "And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor."

Lest anyone believe these to be idle words….

John Hancock was an early signer, stating as he signed, "The price on my head has just doubled."

Ben Franklin was not being cute or clever when he said, "We must hang together or most assuredly we shall hang separately."

Fifty-six men signed the Declaration. Many sacrificed their prosperity for their posterity. Of the 56 signers:

- 11 had their homes destroyed;
- 5 were hunted and captured;
- 17 served in the military; and
- 9 died during the war.

Some of the most tragic anecdotes:

Thomas McKean wrote that he was "hunted like a fox by the enemy, compelled to remove my family five times in three months."

Richard Stockton signed and was dragged from his bed in the night and jailed.

Edward Rutledge, Thomas Heyward, Jr., and Arthur Middleton, all under the age of 35, were made prisoners at the Siege of Charleston.

Abraham Clark had two sons tortured and imprisoned on the British starving ship Jersey.

The British plundered the home of Francis Lewis and carried away his wife, Elizabeth, putting her in prison. The British sought to make an example of her, so they denied her food, a change of clothing and a bed. She was treated so harshly that she died shortly after being released.

Agreeing to be a signer of the Declaration of Independence was definitely not for the faint of heart.

Legislative Report, Deborah Pernice

AZ State Legislation-Highlights

Election Integrity:

The audit of the Maricopa County election is winding down, however obstruction and lack of cooperation by the Maricopa County BOS and SOS Hobbs continue with unconstitutional threats from the Biden Department of "Justice" to interfere and the Senate is expected to pursue enforcement of the audit subpoenas for access to the routers and other withheld materials for a complete audit. Results and reports are not expected until August, at the earliest, according to Senator **Fann,** who has courageously led the USA's most tenacious state Senate in these vital efforts.

Signed by Gov. Ducey:

HB 2905

Revised 16-542 RE: Early Voting:

Except for a voter who is on the active early voting … a county recorder, city or town clerk or other election officer may not deliver or mail an early ballot to a person who has not requested an early ballot for that election. An election officer who knowingly violates this subsection is guilty of a class 5 felony.

HB 2906

Prevents "the state and any local governments from requiring their employees to engage

in orientation, training or therapy that suggest an employee is inherently racist, sexist or oppressive, whether consciously or unconsciously,"

SB 1124
Tax Credit for Low income housing
"Qualified Project" means a qualified low-income building as defined in section 42(c)(2) of the internal revenue code.

Federal
Signs of life in the GOP Senate--a roadblock to the Democrats path to American serfdom!
Senate Republicans successfully blocked the efforts of Sen. Schumer and his comrades in "Stolengrad" (D.C.) to extinguish any remaining vestiges of liberty and free enterprise with the Biden Infrastructure plan on Wednesday, July 21. This was reported as a massive setback for the Biden administration's efforts to forge a bill expected to cost roughly $3.5 trillion ($4.1 trillion with a $600 billion bipartisan plan) to fund their bitter "Build Back Better"(Democrat name for "tax and spend") agenda.
The Republicans successfully held off this disaster with a vote of 49-51, with Schumer changing his vote to "no" for reportedly procedural reasons that enable him to later resurrect the bill.

Democrats have continued to bulldoze a path to American serfdom through their reversal of POTUS Trump's America First agenda by expanding the tentacles of their Socialist agenda of absolute government control of America through the abuse of their slim majority in Congress. They continually threaten to eliminate the filibuster. Currently, Sen. Sinema **has persisted in her opposition** to resorting to opening this Pandoras Box aka the "nuclear option".

Gosar Sponsors H.R.4643
10-Year Moratorium on All Immigration
Background:
"Currently, the United States is experiencing an enormous surge of illegal aliens entering at an exponential rate. In the months of May and June alone of this year at least 369,470 migrants were encountered by United States Customs and Border Protection. During the height of the pandemic, Representative Gosar stood in support of President Trump's executive orders to halt immigration in the United States including the suspension of visas to ensure that American citizens do not experience employment discrimination. Mr. Biden is reversing all of President Trump's policies and is looking to end Title 42. By pausing the admission of aliens to America it will give the United States an opportunity to figure out how to end illegal immigration and put Americans first in line for jobs, education, and other opportunities."

Announcing HR 4643, Congressman Paul Gosar stated:
"America is a nation of laws. And like every country on earth, it has laws limiting how and when, and who, can come into our borders. Not just to visit, to live and work.
The current regime is ignoring and actively assisting the violation of our federal laws. The

Biden administration has literally and figuratively opened the gates and is waving hundreds of thousands of criminals into our country. We are looking at 2 million criminals being let in this year alone. On top of over 30 million already here.
Then to harm our people more, the Biden administration uses tax money to pay for transportation, fancy hotels (one in Scottsdale, Arizona), food and health care for these illegal aliens. Meanwhile Americans suffer with inflation and low wages.
We can't have legal immigration when we have rampant illegal alien invaders. This is a threat to our national security and our economy and to our citizens.
With the destruction of President Trump's solid immigration enforcement, and current disregard and violation of existing federal law, Mr. Biden has unleashed the most severe border and humanitarian crisis in United States history. No other nation, save England and Germany, has willingly participated in its own economic and cultural destruction. No American voted for this desecration. The laws have not been changed. This is lawless criminality.
With millions of Americans including our veterans who are now unemployed, homeless, or living in poverty we need to take care of one another before we allow millions to migrate here. Time to pause migration to America and figure out how to put the American people first."

Key Democrat Bills Which They May Try To Insert Through Budget Reconciliation Under The Guise Of "Infrastructure":
Most Nefarious is HR1, which eradicates the concept of "one person, one vote" elections, transfers the voting rights of Americans to a centralized government and assures a *socialist style* one party domination of the USA.
H.R. 51: Washington, D.C. Admission Act passed by HOR 216-208 (Unconstitutional-unlikely to pass)
H.R. 1280: George Floyd Justice in Policing Act of 2021- **Federal micromanagement of Police Agencies and Practices** constitutionally reserved to the states. The bill addresses a wide range of policies and issues regarding policing practices and law enforcement accountability.
HR 6 - American Dream and Promise Act of 2021 / Amnesty for Illegal Aliens
H.R. 848: GREEN Act of 2021 - To amend the Internal Revenue Code of 1986 to provide incentives for renewable energy and energy efficiency, and for other purposes.

GMRW Please continue to encourage our GOP to remain united and persevere in blocking these plans for the demise of America.

You can follow the uphill battle against the Democrat legislative atrocities at **https://www.govtrack.us**

Local Government Actions:
GMRW members should follow their local City and County government's actions to evaluate current officials and candidates, which are often the springboard to statewide and federal offices. For example, **Pending in Prescott are local land use decisions which portend the building of nearly One Thousand (1,000) Apartments in Prescott Lakes**. **School boards are** making vital decisions on how our children are educated, such as teaching CRITICAL RACE THEORY and "gender choice". Local government actions can have a more direct and immediate effect on GMRW members, such as in the mask and meeting policies imposed, many of which shut down businesses and

schools. Land use, zoning and appropriation of funds on community projects are decisions the GMRW members should be monitoring. **GMRW members ARE encouraged to attend meetings and review the agenda for these local meetings**.
